10. Compensation of the Board of Directors and the Senior Management

The Board of Directors proposes to approve a maximum total compensation of CHF 760K for the term of office from the 2022 AGM until the 2023 AGM.

Note:

The proposed amount covers the fixed monetary compensation, the fair value of the stock options and related social security contributions. The proposed amount is the same as the precedent total compensation approved by the extraordinary general meeting held on September 27, 2021. Although this maximum amount has only been partially used, the Board of Directors proposes to maintain the total compensation of the Board of Directors in order to cover the fixed fees and possible options granted during the reference period and the related social security contributions.

10.2. Approval of the aggregate compensation of the members of the Executive Management

The Board of Directors proposes to approve a maximum total compensation of CHF 9 million for the period from this AGM 2022 until December 31, 2023.

Note:

The proposed amount covers the fixed monetary compensation, variable monetary compensation, the fair value of the stock options and related social security contributions planned to be paid during the reference period. The proposed amount is higher than the precedent total compensation approved by the extraordinary general meeting held on September 27, 2021 which amounted to CHF 2.2 million. The increase of the total maximum compensation is mainly to cover a new option plan that the Company contemplates to grant. The value of the options pool has been estimated based on the current development of the Company and various forward assumptions factors. The increase in the total compensation is also due to the fact that the reference period (18 months) is longer than the precedent reference period (9 months).
